David E. Luzzi is Senior Vice Provost for Research of Northeastern University and Vice President for the Northeastern University Innovation Campus in Burlington, MA. He is a Board Member of the George J. Kostas Research Institute at Northeastern University, LLC and the Massachusetts Green High Performance Computing Center, and the former Dean of Engineering. He is a Professor of Mechanical and Industrial Engineering. Luzzi leads applied research and workforce training programs funded by the US Army, Navy, and SOCOM on a number of topics relevant to national security and US competitiveness.

Luzzi has been awarded the US Air Force Meritorious Civilian Service Medal, the Ellis Island Medal of Honor, and the George Heilmeier Award for Research Innovation, and is a Wharton Palmer Scholar. He is an elected Member of the National Academy of Inventors. He is a member of the Boards of Directors of the International Cybersecurity Center of Excellence and the Advanced Cyber Security Center. He was a Science and Technology Fellow with the Chief of Naval Operations Strategic Studies Group and a member of the US Air Force Scientific Advisory Board, including as Science and Technology Chair.
