## **ITC Modernization Alliance Statement on the Introduction of the *Advancing America's Interests Act***

**WASHINGTON** — *The ITC Modernization Alliance today issued the following statement following the introduction of the Advancing America's Interests Act:*

*"The ITC Modernization Alliance applauds the introduction of the bipartisan *Advancing America's Interest Act* by Congresswoman Suzan DelBene (D-WA) and Congressman David Schweikert (R-TX).*

*This important legislation is a critical effort to modernize the International Trade Commission (ITC) to ensure it is no longer a forum for abusive patent litigation practices and enable the ITC to focus on its core trade mission of protecting US jobs and our economy. We are grateful to Congresswoman DelBene and Congressman Schweikert for their leadership and call on Congress to take up this important legislation."*

###

*The ITC Modernization Alliance is a coalition of technology, telecom and automakers working to modernize the International Trade Commission.*
